PopSockets PopGrip

Use PopSocket's original Pop Grip to hold your cell phone securely while texting and snapping photos. Extended, a Pop Grip becomes a media stand for watching videos on the fly.

The back of any smartphone provides prime real estate for maximizing brand impressions in full color. A Pop Grip can be used on most brands of phones or phone cases, and it can be moved easily using its repositionable gel. Paired with a mount for a car, desk, or flex mount (sold separately), the Pop Grip makes it effortless to use mobile devices hands-free.

For best results, use it in conjunction with a phone case. The gel is designed to stick to most materials, but it may have issues sticking to silicone, waterproof cases, and textured materials, like leather.
